To Whom It May Concern,

### **Testimonial Letter for Streamline Controls Private Limited**

KOKO Networks partnered with Epsilon Engineering Ltd to build our network hardware products, that is KOKO Points, Smart Tanker Systems, and Smart Depot Systems. The prominent criteria for this partnership included Epsilon's direct capabilities in high-end metal manufacturing, sourcing, and operations management, as well as the foundational association between Epsilon and Streamline Controls Private Limited (SCPL), whose domain expertise lies in Electronics Manufacturing and Embedded Systems.

KOKO Networks is pleased to issue this testimonial to Streamline Controls Private Limited for the excellent Electronic Manufacturing Services (EMS) provided for the following project:

- **Project Name / Description:** Controller for the KOKO Point
- **Timeline:** March 2021 to Present
- **Quantity Supplied to Date:** Over 2800 Sets (consisting of PCB, Cable, Components, and Final Product Testing Services)

### **Services Provided & Achievements**

- **PCB Assembly:** SCPL's precise assembly of over 2,800 printed circuit boards ensured adherence to rigorous quality standards.
- **Cable Harness Assembly:** Their expert assembly of over 80,000 cable harnesses adhered to precise quality benchmarks.
- **Developed Customised Test Jigs:** SCPL developed customised test jigs, ensuring fast testing of the functionality and reliability of each product manufactured.
- **Testing Services:** SCPL's rigorous testing procedures have significantly minimised the defect rate.

Throughout the project, Streamline Controls Private Limited consistently demonstrated a high level of professionalism, efficiency, and technical expertise. They ensured timely delivery and maintained stringent quality standards.

We have been thoroughly impressed with the EMS services provided by Streamline Controls Private Limited. From the outset, they demonstrated a deep understanding of our project requirements and delivered exceptional results. Their attention to detail and commitment to
